

Faith in Action Inequality Challenge Sheet

Companion Resource for Economic Inequality and Homelessness

Why Generosity Must Be More Than Words

For Churches (Leadership/Ministry Teams)

- Evaluate: Does our budget reflect generosity, or only maintenance?
- Re-center: How can we open our buildings, resources, and time to the community?
- Empower: What partnerships can we form to help people move from poverty to stability?

Notes / Action Plan:

For Readers / Individuals

- Give sacrificially, not just leftovers, but something that costs.
- Share a meal with someone in need this week.
- Build a relationship with someone on the margins; see them not as a project but as a person.

Notes / Action Plan:

Commitment

This week, I will take one action step to practice generosity that restores dignity.
