Welcome to *A World Made with Love*

Thank you for downloading this free Bible activity pack for kids.

This resource was created to help children enjoy learning about God's creation through simple, faith-based activities. Inside, your child will find word searches, crosswords, word scrambles, missing vowel activities, coloring pages, and mazes connected to the theme of *A World Made with Love*.

These pages are designed for elementary children, but they can also be used with younger children when a parent, teacher, or older sibling helps. You can use this pack at home, in a classroom, during quiet time, in children's church, or as a simple family activity.

The goal is not just to finish pages. The goal is to help children slow down, enjoy God's creation, and remember that the world was made with care, purpose, and love.

Charles Bridges

How to Use This Activity Pack

This activity pack can be used in order or one page at a time. There is no wrong way to begin.

Some children may want to start with a coloring page. Others may enjoy the word searches or mazes first. Let the activities serve the child, not the other way around.

Here are a few simple ways to use this resource:

At home: Choose one activity each day for a short Bible-themed learning time.

In a classroom: Use the puzzle pages as quiet work, review pages, or early finisher activities.

In children's church: Pair one activity with a short lesson on creation.

As a family: Work through the pages together and talk about what God made.

For younger children, parents may read the instructions out loud or help with spelling. Older children may complete the pages independently.

What's Inside & How to Use It

This activity pack includes creation-themed puzzles, coloring pages, and mazes connected to *A World Made with Love*. You can complete the pages in order, or you can choose one activity at a time.

Word Searches

Look for each word in the word bank. Words may go across, down, or diagonally. Circle each word when you find it.

Crosswords

Read each clue carefully. Write the correct answer in the numbered boxes.

Word Activities

These pages help children practice creation words in a simple, playful way.

Creation Word Scramble

Unscramble each mixed-up word and write the correct word on the line.

Creation Word Missing Vowel

Add the missing vowels to complete each creation word.

Coloring Pages

Use crayons, colored pencils, or markers to color the pictures. As your child colors, talk about what God made and what they notice in the picture.

Mazes

Start at the beginning and follow the path to the finish. Try not to cross through the walls.

Answer Keys

Answer keys are included at the end so children or parents can check their work.

Continue the Journey

This activity pack is part of a larger *A World Made with Love* resource set created to help children and families think about God's creation in a simple, joyful way.

Free 5-Day Family Devotional

If your family enjoys these activities, we invite you to continue with the free **A World Made with Love — 5-Day Family Devotional**.

This short devotional introduces children and parents to a simple Bible study rhythm based on the SOAP method:

Scripture

Observation

Application

Prayer

For children, the language is simple:

Scripture means we read God's Word together.

What Did God Do? helps children notice what is happening in the Bible passage.

What This Means for Us helps families talk about how God's Word connects to their lives.

Let's Pray gives families a chance to respond to God together.

This devotional is designed to be a guided conversation between parent and child. A child can write their own answers, or a parent can write down what the child says. Younger children may simply answer out loud or draw a picture.

You can find it at:

About the Book

This activity pack is inspired by the children's book:

A World Made with Love: A Gentle Story of God's Creation

The book helps children see the beauty of creation and remember that God made the world with care, purpose, and love.

Coming in June

The First Choice

A new children's Bible story from **Charles Bridges**

The story of creation reminds us that God made the world with love. But the Bible also tells us what happened when Adam and Eve made the first wrong choice.

The First Choice is a gentle, kid-friendly retelling of Genesis 3. It helps children understand obedience, temptation, sin, consequences, grace, and God's promise to make things right.

This upcoming book is written for families, homeschool settings, Sunday school, and children's ministry. It gives parents and teachers a simple way to talk with children about big Bible truths in language they can understand.

The message is clear:

God's way is best.

God stays near.

God keeps His promises.

Look for *The First Choice* coming in **June** from **Interactive Bible Studies**.
